NONCONFORMING USE CERTIFICATE - Zoning districts determine where uses are permitted in the City. When the City changes the zoning district of an area, some uses may no longer be permitted under the new zoning district. However, if they were legally established before the change, then in general they can continue to exist as long as they are not abandoned or destroyed. They become legal nonconforming uses. The Board of Adjustment may determine if a property has nonconforming rights and the extent of these rights by approving a nonconforming use certificate to define these rights.
